

College & Career Planning Events

inspirED supports two college and career planning events in collaboration with Arlington Independent School District and Mansfield Independent School District. These free events for students and families provide sessions on preparing for college, understanding college costs and financial aid, application completion assistance, financial literacy, SAT/ACT prep, a college and career fair, and much more!

GO Centers

Our inspirED mentors work within high school and community GO Centers to help create and promote a college-going culture. Our mentors work one-on-one to help students and parents plan for every step leading up to college — from searching for the right college to degree exploration, to testing, to admissions, even financial aid and scholarships. For the 2018 - 2019 academic year, inspirED administered 12 GO Centers throughout Tarrant county.

Presentations & Workshops

For more than 20 years, we have provided presentations and workshops to schools and community organizations throughout North Texas, reaching tens of thousands of students and their families. Our College Prep presentation provides detailed guidance on admissions, testing, scholarships and the intricacies of applying for financial aid. We also offer FAFSA Prep presentations and workshops to assist students and parents with the Free Application for Federal Student Aid.

Counselor Engagement

5 districts & programs

300+ counselors

inspirED partners with area school districts to provide specialized programs to support the Counseling and Guidance Departments' efforts to engage and help students with their college and career planning.
